Billboard vs. Flyer

Billboard

Definition:

A very large board on which advertisements are shown, especially at the side of a road.

Source: https://dictionary.cambridge.org/dictionary/english/billboard

What does a billboard contain?

It typically contains the following elements:

●**Headline:** A concise, attention-grabbing phrase or sentence.

●**Imagery:** High-quality images or graphics that support the message.

●**Text:** Brief and essential text, often kept to a minimum for quick readability.

●**Call to Action:** A clear prompt encouraging viewers to take a specific action.

●**Branding:** Logos, slogans, and other brand identifiers.

●**Contact Information:** Website, phone number, or social media handles.

●**Color palette:** Colors that attract attention and align with the brand's identity.

Examples:

Flyer

Definition:

A piece of paper containing an advertisement or information, usually given out to people walking by.

Source: https://dictionary.cambridge.org/dictionary/english/flier

What does a flyer contain?

It typically contains the following elements:

●**Headline:** A prominent, attention-grabbing title.

●**Main message:** Clear, brief info about the event, product, or service.

●**Date & Time:** When it happens or offer expires (if relevant).

●**Location:** Where it takes place or is available.

●**Contact info:** Phone, email, website, social media, or QR codes for more details.

●**Call to Action:** What the reader should do next (e.g., “Sign up now”).

● **Visuals:** Images, graphics, or logos to attract attention.

●**Branding:** Company logo and consistent colors/fonts for identity.
